The Goliad State Park Commission

and

National Park Service

invite the people of Texas, upon the occasion of the dedication of the Fannin Monument, to inspect the various features of the park activity, including the Custodian group of buildings, the Memorial Auditorium and Stadium, and particularly the restoration work under way at Espiritu Santo Mission, also in the park.

The map on the reverse side shows points of interest in the Goliad State Park and contiguous historic grounds, including the old town of La Bahia and the Presidio.

Along the San Antonio River within the park are many beautiful sites where you may enjoy your picnic lunches, if you wish to make it a day.
